Necessary space around the logo

It is important to ensure that plenty of clear space is left around the logo. Type A defines the minimum clear space of 1/6 times the height of the logo, to maintain optimum legibility and avoid interference from the nearby text, complex illustrations, or other elements that might compromise the logo's impact.

Type B defines the minimum clear space of 1/10 times the height of the logo, to maintain optimum legibility and avoid interference from the nearby text, complex illustrations, or other elements that might compromise the logo's impact. Allow for more clear space whenever possible.
